The Logitech G Astro A20 X is designed for gamers seeking audio quality and comfort during long gaming sessions. This wireless headset features an omnidirectional boom microphone, ensuring clear communication with team members. With a frequency response range of 70 - 20,000 Hz for the microphone and 20 - 20,000 Hz for sound output, the headset provides an audio experience complemented by a 48 kHz sampling rate and 24-bit Hi-Fi audio, enhancing gaming immersion.
