

## Colmi A2 AI UV Sunglasses with Purple Lenses

Modelis: A2 purple

Gamintojas: COLMI

EAN: 6972436986903

Prekės kodas: 466715

**90.99€**

### Colmi A2 AI UV Sunglasses with Purple Lenses

The Colmi A2 are smart sunglasses featuring a built-in 8 MP camera, 1200p/30FPS video recording, and AI features that include real-time translation, object recognition, and a voice assistant. With Bluetooth 6.0 and Wi-Fi connectivity, they ensure fast data transfer, and the 300 mAh battery allows for up to 10 hours of use. Additionally, the lightweight design, dual speakers, and noise-canceling microphones make the device ideal for both everyday use and during activities.

### AI that understands and helps in every situation

The glasses offer AI features that enable real-time translation in 26 languages, allowing you to ask questions and get answers on the fly. Listen to a summary of the daily news, check the weather forecast, discover highly-rated restaurants in the area, or find out what's worth seeing when traveling to a new place. The possibilities are almost endless! The object recognition feature lets you identify elements in your surroundings, and the smart voice assistant (HeyCyan) enables hands-free

control. Additionally, the AI analyzes conversations and suggests context-aware responses, making communication easier in various situations, such as at work.

## **8 MP camera and stable video recording**

The built-in 8 MP camera (Sony IMX219) allows you to take 32 MP photos (3264 × 2448) and record video in 1200p/30FPS quality. The f/2.4 aperture allows for capturing clear images in various lighting conditions, while EIS technology stabilizes recordings, reducing shake during movement. Additionally, you can quickly take a photo using a button or a voice command.

## **Fast Connectivity - Wi-Fi and Bluetooth 6.0**

The glasses support Bluetooth 6.0 and Wi-Fi, enabling fast, wireless transfer of photos, videos, and audio recordings to your phone. Low latency and high transmission speeds allow for convenient management of content without the need for cables.

## **Music and calls without headphones**

Built-in dual directional speakers (left and right) let you comfortably listen to music and make calls. These features ensure great sound quality and privacy—you don't have to worry about anyone hearing your music or the information you're sharing. Additionally, the dual noise-canceling microphone improves voice call quality, resulting in clearer communication even in challenging conditions.

## **Powerful battery - up to 10 hours of use**

The 300 mAh battery provides up to 10 hours of use while playing music or making calls. Charging is done via the USB-C port and takes about 1.5 hours - you won't have to wait too long. You can also use the device while it's plugged in.

## **Intuitive operation**

The model features physical buttons and a touch panel on the temple. This allows you to conveniently control music, adjust the volume, answer calls, take photos, and manage recording.

And if your hands are full, use the voice assistant!

## Thoughtful design and comfort

The glasses are made of lightweight and durable TR material, ensuring comfort even when worn all day long. Flexible temples reduce pressure on the head, and soft nose pads adapt to different nose shapes. The metal hinges are resistant to repeated folding (up to 20,000 cycles), which increases the durability of the construction.
