### EMEET OfficeCore M1A Conference Speaker

The EMEET OfficeCore M1A is a portable conference speaker that combines two 360° omnidirectional microphones, 16 kHz HD Voice audio quality, 3 W power, and 80 dB sound pressure level, ensuring clear communication in groups of up to 8 people. The device picks up voices within a radius of up to approximately 3 meters, and thanks to Full Duplex technology, it allows for simultaneous speaking and listening without interference. Its compact dimensions of 112 × 112 × 36 mm and lightweight design (196 g) make it easy to take anywhere—from the office to meetings on the go—and the EMEETLINK software allows you to update and customize settings to your preferences.

### Natural communication without interference

Full Duplex technology ensures that conversations flow smoothly and without interruption, even when several people are speaking at once. Advanced AEC and ANC algorithms effectively eliminate ambient noise, such as keyboard typing, air conditioning hum, or door creaks, ensuring that every participant is heard clearly. Additionally, the AGC feature automatically adjusts the volume level, amplifying quieter speakers and ensuring a consistent listening experience for all participants.

## 360° sound and freedom in meetings

Two omnidirectional microphones capture voices from all directions, allowing participants to speak freely without having to sit directly next to the device. With a range of up to approximately 3 meters, the device is ideal for small conference rooms and team meetings. This solution preserves the natural dynamics of conversation and eliminates the need for headphones.

## Plug & Play and broad compatibility

The speaker works immediately after connecting via USB-C—no additional drivers are required. It is compatible with Windows 7, 8, 8.1, 10, 11, and Mac OS 10.10 and later, and works with popular platforms such as Zoom, Microsoft Teams, Webex, and Skype. Zoom certification confirms high performance and full optimization for video conferencing.
