Ergonomic and Functional Keyboard Features:

- **Standard QWERTY Layout:** Features a full 103-key standard layout in English, suitable for intensive typing.
- **Optimized Workflow:** Includes 12 dedicated function keys (F-keys) to streamline common tasks.
- **Adjustable Comfort:** The keyboard style is straight, and its height is adjustable, allowing users to find the most comfortable typing angle.
- **Wired Reliability:** Connects via a standard wired USB interface (USB cable included).

Precise Optical Mouse:

- **Accurate Tracking:** Utilizes optical movement detection technology with a resolution of 800 DPI, providing precise and responsive cursor control for daily tasks.
- **Three Buttons:** The mouse features three buttons and a dedicated scroll wheel for easy vertical navigation.
- **Durable Design:** Constructed from high-quality plastic with a monotone black finish, matching the keyboard.

Technical Specifications and Compatibility:

Recommended for general office usage, this kit supports a wide range of Windows operating systems, including older versions such as Windows 98SE / ME / 2000 / XP/ MCE2005 / VISTA, ensuring broad compatibility. The wired connectivity requires a standard USB connection on the host device.

A4 TECH is a reputable manufacturer of computer peripherals, specializing in creating functional and dependable input devices that meet the demands of everyday professional and personal use.
