this 27-inch monitor boasts Ultra High Definition (UHD) resolution of 3840 x 2160 pixels. The superior IPS panel ensures wide viewing angles and remarkable color precision, making every photo, video, and design element vibrant and true to life.

Key Features for Peak Performance:

- **True 4K UHD Resolution:** Enjoy four times the pixels of standard Full HD, delivering incredible sharpness, exceptional detail, and immense workspace (3840 x 2160).
- **27-Inch IPS Panel:** Benefit from consistent, accurate colors and wide 178° viewing angles thanks to the high-quality IPS technology, critical for accurate color grading.
- **Smooth 60 Hz Refresh Rate:** Provides stable visual performance perfect for professional editing, design work, and everyday computing tasks.
- **High Brightness Output:** A brightness level of 360 cd/m² ensures clear visibility and detailed contrast reproduction even in well-lit office environments.
- **6 ms Response Time:** Reduces motion blur and ghosting, offering a responsive experience for video playback and quick transition tasks.
- **Dual HDMI Connectivity:** Connect multiple input devices easily with two dedicated HDMI ports, enhancing your multi-device setup and workflow.

XIAOMI is recognized globally for its unwavering commitment to innovation, high-quality engineering, and delivering premium electronics that provide exceptional value and performance to a wide audience.
