Dell Pro Max 18 Plus (MB18250)

The Dell Pro Max 18 Plus takes mobile computing to the next level by combining a large 18" display, desktop-class performance, and exceptional expandability. It is designed for the most demanding use cases, such as AI development, complex design and modeling applications, and data-intensive workloads. The series leverages the latest Intel Core Ultra processors and NVIDIA RTX PRO Blackwell graphics, ensuring reliable and ISV-certified performance in professional applications.

The device provides outstanding scalability: up to 256 GB of DDR5 memory with CAMM modules, massive storage capacity up to 16 TB with RAID options, and Thunderbolt 5 connectivity for ultra-fast data transfer. An advanced triple-fan cooling system and stacked CPU/GPU design keep the device cool even under sustained workloads. MIL-STD testing and a modular chassis design ensure that the Pro Max 18 Plus is durable and easy to service.

User comfort is enhanced with the 18" QHD+ display offering 500 nits brightness and 100% DCI-P3 color accuracy, a full-size Copilot keyboard with numeric keypad, and high-quality audio and camera solutions. For mobile professionals, the system delivers long battery life, ExpressCharge 2.0 fast charging, and modern connectivity such as Wi-Fi 7, Bluetooth 5.4, 2.5G LAN, and optional 5G LTE modem. The Dell Pro Max 18 Plus thus combines workstation-class power with the flexibility of a laptop.
