With 3D NAND flash and a USB 3.2 Gen1 interface, Transcend's JetFlash 930C flash drive offers advanced technology translating into top performance of 420MB/s read and 400MB/s write speeds. This high-endurance drive has 10 times the lifespan of a regular 3D NAND flash. Move your gaming files in a flash!

Metallic radiance

Transcend's JetFlash 930C flash drive comes with an aluminum metallic housing glowing with a soft golden hue. This not only stands for advanced protection, but makes you look chic and stylish even when playing games.

Vast storage capacity

Offering capacities as high as 512GB to support various media files, the JetFlash 930C flash drive provides the storage space you need. You can transfer, store, and share gaming files more easily than ever before!

Value-added software

A complimentary download from Transcend's official website, Transcend Elite data management software is compatible with both Windows OS and macOS. Transcend Elite features backup and restore, data encryption, and cloud backup functions, helping you keep important files organized, protected, and up-to-date!

Transcend also offers RecoverX, a complimentary data recovery utility that allows you to search deep within a storage device for traces of erased files including digital photos, documents, music, and videos.
