

MEMORY READER USB- C/WFS-SD KINGSTON

Modelis: WFS-SD

Gamintojas: KINGSTON

EAN: 740617307740

Prekės kodas: 48398

27.00€

Kingston's Workflow Station and Readers provide a flexible system to transfer video, photos and audio from multiple sources at once.* Expedite your post-production workflow and create a file offload setup that fits your needs. The Workflow Station Dock is customisable so you can use only the USB miniHub, SD readers or microSD readers that your shoot requires. Whether you're on a 4K/8K multi-cam shoot with portable audio recorders for each host, or filming B-Roll with drones and GoPros, you can connect up to four readers to the dock simultaneously and transfer footage quickly. The Workflow Station and Readers support USB 3.2 speeds, which get you to your post-production process faster than ever. For added flexibility, the card readers can be used on the go. When you need to shoot on location, simply drop the hub or readers you need into your bag and connect them to your laptop using the included USB cable.

Offload files quicker
