Ultimate Productivity: Lenovo ThinkVision P49w-30

UltraWide Monitor

The Lenovo ThinkVision P49w-30 is a professional-grade 49-inch curved monitor engineered for maximum multitasking efficiency, perfect for financial analysis, data crunching, and complex creative workflows. Replacing a cumbersome dual-monitor setup, this UltraWide Dual QHD (DQHD) display features a massive 5120 x 1440 resolution and a panoramic 32:9 aspect ratio, allowing you to view extensive content on a single seamless screen.

Unmatched Visual Accuracy and Color Fidelity

Experience superior image quality thanks to the In-Plane Switching (IPS) panel technology. This display ensures deep blacks, a high native 2000:1 contrast ratio, and crystal-clear views consistent from every angle (178° viewing angles). The P49w-30 is a powerful tool for color-sensitive work, boasting 98% DCI-P3 color space coverage and a factory-calibrated Avg. Delta E 2, guaranteeing rich and vivid color representation. With 350 cd/m² brightness and support for HDR10 / DisplayHDR 10, images are rendered with exceptional clarity and detail.

Seamless Connectivity and Workflow Integration

Designed as a comprehensive hub, the ThinkVision P49w-30 features a total of 13 ports to streamline your workspace. Productivity is maximized through sophisticated multitasking features:

- **Dual Thunderbolt 4:** Provides blazing-fast data transfer speeds of up to 40 Gbps and supports complex daisy-chaining.
- **Built-in KVM/eKVM Switch:** Easily switch control (keyboard, video, mouse) between two connected PCs without needing additional drivers or dedicated hardware.
- **Lenovo True Split (PBP):** Utilize the Picture-by-Picture (PBP) function to display content from two separate PCs simultaneously on the 49-inch screen using only one cable.
- **100W Power Delivery:** The included USB-C port charges compatible laptops and devices efficiently while keeping your desk clutter-free.

- **Integrated Ethernet (RJ45):** Provides stable network connectivity and supports Intel vPro capabilities.

Performance and Ergonomics

With a fast 4 ms (extreme mode) response time and 60 Hz refresh rate, the monitor delivers smooth performance for all professional tasks. Integrated dual 5 W speakers provide loud and clear audio for conferencing and media playback. The stand offers full adjustability, including height, swivel, and tilt, ensuring comfortable viewing for long working sessions. Furthermore, the monitor meets stringent environmental and ergonomic standards, including TUV Rheinland Eye Comfort and Low Blue Light certifications.

LENOVO is a global technology leader known for producing innovative and reliable computing solutions, ranging from personal devices to high-performance professional monitors. The ThinkVision line is specifically crafted to meet the rigorous demands of professional and corporate environments, delivering quality, connectivity, and superior display performance.

Order today from ++SHOP++ as we offer the best professional display solutions for your business needs.

The ThinkVision P49w-30 Monitor is a great companion for multitasking on tasks ranging from data crunching to chasing stock market numbers. Its In-Plane Switching black panel technology delivers deep blacks and vivid, vibrant colors, while the wide viewing angles ensure that the screen is clearly visible from every angle. Enjoy a sharper view of your working world with its Dual QHD (5120 x 1440) resolution and 2000:1 contrast ratio. Get more done on a single screen with the 49-inch screen size and 32:9 screen aspect ratio. See crystal-clear views that appear consistent from every angle with the In-Plane Switching panel. 98% DCI-P3 color space coverage, along with an Avg. Delta E2 lets you enjoy rich and vivid color representation. The ThinkVision P49w-30 Monitor sports a total of 13 ports, including two Thunderbolt™ 4 ports which facilitate extremely fast data transfer of up to 40 Gbps. Availability of an ethernet port lets you access your machines' Intel® vPro® capabilities over the internet. Lenovo's patented True Split allows you to work on content from two PCs on a single screen through the PBP function with just one cable. Switch easily between two connected PCs with Lenovo's eKVM/KVM switch without the need for additional drivers. Enjoy loud and crystal-clear audio with the two built-in 5W speakers and benefit from the option to have a more convenient
