The LOGITECH MK545 Advanced is the definitive solution for users seeking reliable, precise, and comfortable desktop control. This full-size wireless keyboard and mouse combo is built for long hours of productivity, offering an instantly familiar typing experience combined with an ergonomic, contoured mouse.

Seamless Wireless Connectivity and Comfort

Experience the freedom of wireless operation with a secure 2.4 GHz connection, managed through the tiny USB Logitech Unifying receiver. Setting up the MK545 Advanced is effortless, allowing you to instantly boost your efficiency without worrying about cable clutter.

Key Features for Enhanced Productivity:

- **Familiar Typing Experience:** The full-size keyboard features deeply cushioned, quiet keys with a standard shape and size, ensuring a comfortable and familiar typing feel, complete with a full numeric keypad.
- **Ergonomic Laser Mouse:** The contoured, full-size wireless mouse provides exceptional comfort and precision. It utilizes accurate laser tracking and is designed to accommodate both right and left-handed users.
- **Durable and Reliable:** Designed for the modern office environment, the keyboard is built to be spill-resistant, protecting your investment from accidental liquid mishaps.
- **US International Layout:** Utilizes the standard QWERTY US International localization and layout, perfect for professional environments requiring a broad set of character inputs.
- **Single Receiver Convenience:** Both devices connect via a single USB Logitech Unifying receiver, freeing up valuable USB ports.

LOGITECH is a global leader in peripheral technology, renowned for designing products that enhance the human-digital experience through innovation and quality engineering.

Order the advanced MK545 combo today from ++SHOP++ and experience the perfect blend of performance and reliability for your workspace.
