Gamintojas: HEWLETT PACKARD ENTERPRISE

Prekės kodas: 49427

5,276.99€

HPE Intelligent Management Center (IMC) Standard Edition software represents the next-generation of management software. It offers a comprehensive platform that integrates network technologies and provides full fault, configuration, accounting, performance, and security management functionality for small-to-medium IT infrastructures. IMC Standard Edition is designed on a service-oriented architecture (SOA) using a business application flow model as the core. This allows the fully integrated management of resources, services and users. HPE IMC Standard Edition allows an enterprise business to grow its management in scale and seamlessly accommodate new technologies.

Product Description: HPE Intelligent Management Center Standard Edition - product upgrade licence - 200 nodes | Product Type: Product upgrade licence | Category: Networking applications - monitoring & performance management | Licence Qty: 200 nodes | Platform: Linux, Windows | Distribution Media: Electronic
