This model is factory overclocked (OC) straight out of the box, providing enhanced speeds and reliable performance above standard specifications. The striking white aesthetic, combined with the efficient dual-fan cooling system, makes it a perfect choice for specialized white-themed PC builds.

Key Features and Performance Benefits:

- **High-Speed Memory:** Equipped with 8192 MB of fast GDDR7 video memory, ideal for running games at high resolutions and handling complex textures.
- **Optimized Cooling:** Features the INNO3D Twin X2 dual-fan cooler design, ensuring superior thermal management and quiet operation even during intense, prolonged gaming sessions.
- **Factory Overclocked (OC):** Provides immediate performance gains, offering higher clock speeds for maximum gaming output.
- **Ray Tracing & DLSS Support:** Harness the power of dedicated RT and Tensor cores for hyper-realistic lighting, shadows, and revolutionary AI acceleration.
- **Clean Aesthetic:** Distinctive white cooler shroud and fans designed to complement modern, themed gaming setups.

INNO3D is a trusted manufacturer specializing in high-performance graphics solutions, known globally for reliable cooling systems and durable components engineered for enthusiasts and overclockers.
