Aprašymas

We need change. And the award-winning ECO MATRIX screen protector from PanzerGlass® is change. It is made of 100% recycled plastic. It is designed to prolong the lifetime of your phone. AND it keeps your screen safe from accidental bumps, crushing falls and other hazards of everyday life. This is one way to work towards a more sustainable future. Another is to use less packaging: In 2024, we reduced the amount of paper in our PanzerGlass® core product packaging design by an average of 66 So, of course, this product comes in a recyclable FSC™ -certified box. And if you're worried about fingerprint readability, you can rest easy: The screen protector ensures 100% compatibility with your screen's ultrasonic fingerprint reader, so you can be sure that your phone unlocks smoothly every time. ECO MATRIX is also here to protect the world's wildlife and reduce plastic waste in nature. To this end, PanzerGlass® has teamed up with non-profit organization The Perfect World Foundation to support "Project Ocean". For each ECO MATRIX sold, PanzerGlass® will make a donation to the project, dedicated to protecting marine life, for instance by reducing the amount of plastic and ghost nets that end up in our oceans. ECO MATRIX comes with an AlignerKit that makes installation a piece of cake (seriously!), and to make it even easier, we've included step-by-step instructions as well as a QR code for quick access to our online how-to video. And the look? Well, it is SO featherweight, SO thin and SO clear that you'll hardly notice it's there at all ... at least not until you bump your phone screen against a sharp-edged table corner or scratch it on the metal-sharp keys in your pocket. This may not happen, but if it does, you'll regret not having clicked "add to cart". The screen protector is Ultra-Wide Fit, meaning it covers the front surface of your phone to provide superb screen protection and a complete screen view. It even leaves a little room around the edges for case from CARE by PanzerGlass®. And if you want extra protection, combine the screen protector and case with PanzerGlass® PicturePerfect or Hoops®. *Reduction from 2022-2024 measured by comparing selected products from the PanzerGlass® core range.
