Aprašymas

The super-sleek, super-powered, truly intelligent companion

The ultimate employee-centric phone has arrived. The Samsung Galaxy S26 Ultra Enterprise Edition is made for businesses looking to augment employees and prepare for the future of work. Its next-generation customprocessor, with an NPU that’s 37% faster,¹unlocks blistering performance in AI apps. The Galaxy S26 Ultra makes light work of any task you can dream of—and even those tasks you might not know you need doing. It does come with a built-in, context-aware AI agent, after all. So smart, it feels like cheating.

This incredible power comes in a beautiful, sleek package, alongside a redesigned S Pen to help you when creating your next masterpiece on the Galaxy S26 Ultra’s AI-enhanced, anti-reflective glass. The 200 MP camera, enhanced by the ProVisualEngine and the flexibility of Photo Assist will help you capture professional-looking images without even trying². Another incredible feature of the camera is the Intelligent Document Scanner, which makes your crumpled receipts and shadowy documents look brand new again. And with fasterlow-light photography³and boosted Nightographyvideo, it’s easier to capture late-night work or those fun work parties. The Privacy Display ⁴built in shields your data from prying eyes, while not impacting your viewing experience in the slightest.

With a super-long-lasting battery,⁵ rugged durability, seamless connectivity to other Galaxy devices and a host of Enterprise Edition supporting services to backup—like Knox Suite⁶ and next-business-day doorstep repair⁷—the Galaxy S26 Ultra Enterprise Edition is designed to help you turn the complex into the completed.

- 1. Performance boost measured in comparison to previous Samsung Galaxy smartphones.
- 2. Requires network connection and Samsung account login. A visible watermark is overlaid on the saved image to indicate it was generated by Galaxy AI. Accuracy of output not guaranteed
- 3. In comparison to Samsung Galaxy S25 Ultra. Results may vary depending on light condition, subject and/or shooting conditions.
- 4. Requires manual activation in settings to function. Privacy Display feature is not AI-powered.
- 5. Typical value tested under third party laboratory conditions. Rated minimum capacity is 4,855mAh.
- 6. Valid Samsung Knox Account required. One year of Knox Suite Enterprise Plan is included in the first purchase of a 2 year or 3 year Knox Suite Enterprise Plan license key.
- 7. Next Business Day (NBD) available with valid warranty claim, if booked with the Samsung Business Service Centre (BSC) before 2pm on a business day. Doorstep Exchange with Samsung gold stock. Excludes accidental damage. T&Cs apply
