Aprašymas

Enhance your meeting and conferencing performance with stunning UHD resolution. Get high-end quality and reliability at a low total cost of ownership with long life-times. Professional haze levels ensure great visibility without distracting reflections - along with brightness of up to 350 cd/m², the 43" Sharp PN-E439 meets the demands of today's meeting environments. An integrated MediaPlayer supports native UHD resolution for content playback with auto-play function. Requiring no additional cables, external devices or signage software, the USB MediaPlayer enables a

simple seamless professional signage solution. With this Sharp display, presenters will feel confident during meetings while retailers and hospitality facilities can boost sales through digital signage. For instant start-up in meeting spaces, inputs are detected automatically with easy switching between HDMI or USB-C sources. Facilities managers will welcome the ability to remotely control their digital estate via the network thanks to the integrated LAN and NaviSet Administrator 2 functionality making this display the perfect choice for corporate meeting rooms and entry level digital signage.
