Benefit from performance-boosting technologies like real-time ray tracing and AI-accelerated features that elevate your experience beyond traditional rendering. The ZOTAC GAMING Twin Edge design prioritizes efficient cooling and stability, allowing you to maximize your gameplay settings without thermal throttling.

Key Features and Performance:

- **8GB GDDR6 VRAM:** Provides ample memory bandwidth for handling detailed textures and complex gaming environments at high settings, ensuring future-proof performance.
- **Twin Edge Cooling System:** Utilizes a robust dual-fan design engineered for maximum heat dissipation, maintaining low temperatures and stable performance even during intense gaming sessions.
- **Compact Design:** The Twin Edge form factor allows this powerful GPU to fit into a wider range of standard PC chassis configurations without sacrificing high performance output.
- **Next-Generation Gaming Readiness:** Experience features like advanced ray tracing and performance-boosting technologies for immersive visual fidelity and superior responsiveness.

The ZOTAC GAMING GeForce RTX 5050 Twin Edge is the perfect upgrade for building a new mid-range gaming rig or breathing new life into an existing system, offering excellent value and reliable gaming power.

ZOTAC is a globally recognized manufacturer known for producing high-quality and reliable hardware components, especially graphics cards and mini PCs, focusing on innovative cooling solutions and compact designs.
