The Lenovo ThinkPad E16 Gen 1 combines robust performance with a sleek design, offering a powerful computing experience for professionals and students alike. Equipped with an Intel Core i5-1335U processor, 16GB of DDR4 RAM, and a fast 512GB SSD, this laptop ensures smooth multitasking and quick access to your files. The 16-inch touchscreen WUXGA display delivers clear visuals and intuitive interaction, enhancing productivity and entertainment. This unit is new, repackaged, and in excellent condition.

Key Features:

- **13th Gen Intel Core i5-1335U Processor:** Experience efficient performance with a base power of 15W and turbo frequencies up to 4.6 GHz.
- **16" WUXGA Touchscreen Display:** Enjoy crisp visuals with a 1920 x 1200 resolution and a 16:10 aspect ratio for enhanced productivity.
- **16GB DDR4-SDRAM:** Provides smooth multitasking and efficient memory handling.
- **512GB SSD:** Offers fast storage and quick boot-up times with a PCI Express 4.0 interface.
- **Intel Iris Xe Graphics:** Delivers capable graphics performance for everyday tasks and light content creation.
- **Wi-Fi 6 (802.11ax):** Ensures fast and reliable wireless connectivity.
- **Windows 11 Pro:** Comes with advanced features for business and professional use.
- **Robust Security:** Includes a fingerprint reader, Trusted Platform Module (TPM) 2.0, and Kensington cable lock slot for enhanced security.
- **Durable Design:** Features a housing made of polycarbonate (PC), acrylonitrile butadiene styrene (ABS), and aluminum, tested against MIL-STD-810H standards.
- **Environmentally Conscious:** FSC certified package and use of recycled materials in various components.

Lenovo is a global technology leader known for its innovative and reliable laptops, desktops, and smart devices. The ThinkPad series is renowned for its durability, security, and performance, making it a favorite among professionals worldwide.

to Intel vPro® with 12th Gen Intel® Core™ i7 vPro® processing, up to 2TB Gen 4 performance of PCIe storage, and up to a massive 48GB of DDR4 memory. You can also opt for Intel® Iris® Xe or NVIDIA® GeForce® discrete graphics. Now, you can work all day, and game or binge-watch all night.

Being productive just got more fun

On audio and visuals, the ThinkPad T16 simply excels. It has various 16" display options, including a WQXGA screen with Dolby Vision™ and certified Eyesafe® low blue-light technology. Each display has as an expansive 16:10 aspect ratio with expanded vertical screen real estate, improving productivity and downtime. It also comes with Dolby Audio™ and Dolby Voice® AI noise-suppressing technology as standard.

Be in the loop, wherever life takes you

Perfect for the modern professional, the ThinkPad T16 has a choice of large-capacity batteries, each able to run all-day on a single charge. There is an array of ports, including Intel® Thunderbolt™ 4 and HDMI, plus blazing-fast connectivity options, including Intel® WiFi 6E. It also has a full-sized keyboard with a number pad, ideal for number-crunching on the go.

Smarter security, from the inside out

To help protect your data and your business from growing cyber threats, ThinkPad T16 has a number of robust ThinkPad and ThinkShield security features. This includes a PrivacyGuard display and a biometric Power-On touch fingerprint reader, plus Intel vPro® hardware-based security. In addition, the optional FHD + IR camera will detect if someone is viewing your screen over your shoulder.

Powerful yet sustainable

Even with all its productivity- and creativity-enhancing features, this ThinkPad was designed with the planet in mind. We used recycled post-consumer content (PCC), such as plastic and natural materials, in various components, including the speaker enclosure, battery compartment, and adapter. It also comes with recycled and/or sustainably forested packaging and recycled PCC cardboard cushioning.

Reliability & durability you can trust

We use the US Department of Defense's MIL-STD 810H standards to create a balance of reliability and durability for our ThinkPad laptops. Measured against 12 stringent standards and more than 200 quality checks, they're able to run in the harshest of conditions, from the Arctic wilderness to desert
