## Dominating the Competition with Key Slider

The exclusive Key Slider system offers unmatched customization, allowing you to perfectly position the 12 mechanical side buttons along an 8mm travel distance. Once set, the secure lock ensures every essential button—for spells, weapons, or complex actions—is within immediate reach, enabling rapid use during crucial in-game moments.

## Extreme Precision and Durability

- **18,000 DPI Optical Sensor:** Equipped with the pro-proven Pixart PMW 3391 optical sensor, providing incredibly accurate tracking customizable in 1 DPI steps for pixel-perfect targeting and outstanding control during intense gaming.
- **17 Fully Programmable Buttons:** Total of 17 buttons, including the 12 mechanical side buttons, allowing for extensive macro customization and assignment of complex commands via the CORSAIR Utility Engine (CUE).
- **Mechanical Side Buttons:** The 12 mechanical side buttons are designed to pro player specifications for ultra-consistent tactile feedback and precise actuation.
- **Built to Last:** Features durable OMRON switches rated for 50 million clicks, ensuring reliability and consistent response throughout the mouse's lifespan.
- **Rapid Response Rate:** Hyper-responsive 1000 reports per second polling rate ensures your clicks register instantly.
- **Dynamic RGB Backlighting:** Personalize your setup with four-zone dynamic RGB illumination.

## Ergonomics and Build Quality

Weighing only 122 grams and measuring 7.8 cm x 12 cm x 4.2 cm, the Scimitar RGB Elite is designed for comfortable extended gaming sessions. It includes ultra-low friction polytetrafluoroethylene (PTFE) feet for smooth gliding, a durable braided cable (1.8m), and built-in flash memory to store your custom profiles.

**CORSAIR** is a world leader in high-performance gear and technology for gamers, enthusiasts, and content creators. Known for quality components and innovative design, CORSAIR products are built to maximize performance and ensure durability.
