Aprašymas

HT-01B - the outstanding and eye-catching hair-line design of the front panel of this brand new mATX chassis, transports a brushed aluminum feeling thereby blending perfectly into both Home and Office environments. Equipped with two USB 3.0 front ports, which allow data transfers of up to 5 GBit/s (USB 3.0 Super-Speed), the tool-free layout makes the integration of components a "Childs play". Optionally, you can install either a 80, 90 or 120 mm fan on the rear side of the chassis.
