Aprašymas

The ENDORFY Stratus 140 PWM ARGB is a gust of colorful wind in your PC case. We designed this beauty in collaboration with Synergy Cooling, so it can easily keep pace with you – even when working in a case with dense dust filters.
14 cm is enough to expertly cool down exhausted components without any annoying noise in the background. We gave it an optional semi-passive mode, so when the control signal is low, it will simply take a break stop.
Because even our fans know the importance of work-life balance.

Let’s make some noise silence!
When you work with the Stratus 140 PWM ARGB on board, you may hear sounds you've never heard before – like a fly flying by. In the next room. Behind closed doors.
Sorry, it's our the fan’s fault.
The fan moves on a robust FDB bearing – the main reason why the Stratus 120 PWM works quietly and smoothly even when you squeeze the last juices out of your PC. Additional optimization of the rotor geometry allows efficient operation in demanding conditions (for example, in cases with

dense dust filters).

Red light, green light!
Do you remember the game of red light, green light? The Stratus 140 PWM works on similar principles – the only difference is that it stops at a low level of the control signal (the so-called optional semi-passive mode). Something tells us you'll really like that... Especially if you’re a fan (wink wink) of silence.

Colors of the wind
If you like colorful things that look fabulous, you’ll like the Stratus 140 PWM ARGB fan. The ARGB backlight is a cool option when you like to play with the style of your setup or want to change the décor of the room quickly.
Or both – why limit yourself, right?
With ARGB, you can change the look of the fan with just a click or two. The backlight is compatible with popular motherboards and ARGB controllers (including ENDORFY products), so you can easily control it on your Stratus.
The fan with ARGB works as well as its non-ARGB brother. They have the same design because we don't compromise on performance for a cool look.

One moment (for assembly), please
You’ll mount the Stratus 140 PWM ARGB in mere minutes – even if it's your first time. We’ve prepared guarantees instructions that’ll guide you step by step through the entire process. You don’t even have to buy any extra mounting parts.
Simply speaking, we took care of everything.
Summary: ENDORFY Stratus 140. Type: Fan, Fan diameter: 14 cm, Rotational speed (min): 200 RPM, Rotational speed (max): 1200 RPM, Bearing type: Fluid Dynamic Bearing (FDB). Product colour: Black | Vendor Homepage: https://endorfy.com/en/product/stratus-140-pwm-argb/ | Fan diameter: 140 | Type: Fan | Suitable location: Computer case | Rotational speed (min): 200 | Rotational speed (max): 1200 | Bearing type: Fluid Dynamic Bearing (FDB) | Quantity per pack: 1 | Mean time between failures (MTBF): 80000 | Product colour: Black | Material: Plastic | Illumination LED: Yes | Illumination colour: Multi | LED connector type: 3-pin | Fan connector: 3-pin | Fan controller: Yes | Fan current: 0.25 | Fan voltage: 12 | LED voltage: 5 | Fan dimensions (W x D x H): 140 x 140 x 25 | Fan weight: 152 | Package width: 165 | Package depth: 150 | Package height: 28 | Package weight: 189 | Screws included: Yes | Number of screws: 4 | Unit Calculated Weight: 0.25 | Product Net Weight: 0.1 | Unit Calculated Volume: 0.0009535 | Units per Shipping Box: 80 | Units per Pallet: 0 | Shipping Box Height: 33 | Name: CASE FAN 140MM ARGB/STRATUS140 PWM EY4A012 ENDORFY | Model name: Stratus 140 PWM ARGB
