Aprašymas

The sleek design features a sliding USB connector, which smoothly extends from the drive at the push of a thumb. The capless mechanical design eliminates the hassle of lost drive caps. The USB connector can be made ready for use with just one hand, for greater convenience when speed is a must.

Easy Thumb Activated Capless Design

The USB connector is concealed in the compact body, fully protected without the need for a drive cap. A simple thumb swipe forward makes it ready to use, and the reverse motion stows the connector for storage or travel.

Your Personal Style

The C008 is conveniently designed with a strap hole so that one can easily loop a string through and connect to a keychain or a mobile phone.

Graceful and Minimalist Design

The matte texture body is scratchproof and dirt-repellent. The C008 comes in an elegant shape and in two stylish color schemes. The simple curves of this series make fashion more comfortable than ever.
