Pagrindinės savybės

- ✓ USB Type C headset for use in unified communications, call centers & home office setups
- ✓ In-built omni-directional microphone for vocal clarity
- ✓ Lightweight, adjustable design
- ✓ In-line control for volume adjustment and mute functionality

Aprašymas

Wired headsets are essential for seamless audio playback and clear speech, making them ideal for unified communication environments, home office conferencing, and office-based call setups.

The USB Office Headset with USB-C Adapter offers professional-grade connectivity to PCs, laptops, and other devices with USB Type-C ports. Its binaural design delivers crisp stereo audio, effectively replacing built-in speakers on laptops or PCs. The flexible, omni-directional microphone ensures crystal-clear voice capture for superior audio clarity during video calls. Convenient in-line controls allow for quick adjustments to volume and muting, perfect for video conferencing flexibility. With its lightweight design, the headset provides all-day comfort, making it ideal for long hours in offices or call centers. It is also fully compatible with popular VoIP and office software.

The included USB Type-C to USB Type-A adapter ensures broad compatibility, allowing the headset to connect to both laptops with USB Type-C inputs and desktop PCs with only USB Type-A ports. Additionally, built-in status LEDs provide a quick visual cue when the microphone is muted, ensuring privacy when needed.

Techninė specifikacija

Specifications	
Sandėlio grupė	Headsets [+108][-132]
Performance	
Product type	Headset
Wearing style	Head-band
Recommended usage	Office/Call center
Headset type	Binaural
Product colour	Black
