

Case MONTECH AIR 100 LITE MidiTower Not included MicroATX MiniITX Colour White AIR100LITE(W)

Modelis: AIR100LITE(W)

Gamintojas: MONTECH

EAN: 4710562740882

Prekės kodas: 555754

48.99€

Finally, a Micro-ATX with Great Cooling

The AIR 100 series is the first Micro-ATX case from Montech's acclaimed AIR Series PC cases. Its smaller footprint makes easy to carry and takes much less space.

Despite its smaller form factor the AIR 100 cuts no corners to achieve the best cooling capacity capable. Expandability and anti-dust features also adhere to Montech's AIR Series standard.

Combining this all with a clean minimalist design, the AIR 100 provides PC users a smooth and classy but also high performance build experience.

Dust Resistant & Airflow Optimized Front Panel

The Super Fine Mesh Face Plate not only provides unobstructed cool airflow into the case, it also acts as an anti-dust cover. With its smart quick release design, removing the Super Fine Mesh for cleaning is simple and tool free.

Ultra-Minimalist Design

The cleverly designed top cover design and the Super Fine Mesh Face Plate molds into one unified clean minimalist style language.

Cool Your Build

The two pre-installed high quality system fans are located at the front and back of the system in push pull configuration for optimal cooling performance.

More Convenient & More Safe

The unique Side Swivel Tempered Glass Side Panel design is not only easier for users to unmount, its zero drill-hole design drastically improves the panel's strength integrity and safety.

Enjoy Building Your PC

Although a class smaller in volume, nothing is sacrificed in terms of expandability. The AIR 100 ARGB supports GPU cards up to 330mm, 160mm PSUs and tower heatsinks up to 161mm. 280mm radiators can be mounted at the front, while at the top there's space for 240mm radiators. The AIR 100 Lite is expansion capable for years to come.

Smart Cable Management

With cable management in-mind, the AIR 100 ARGB has strategically pre-installed cable loops and Velcro straps. This makes building your system with good clean cable management a breeze.

Easy Accessible I/O Ports

Two high-speed USB 3.0, a USB 2.0 and the HD Audio ports are all located on the top of the case for easy accessibility.
