- Face-based image enhancement: AI-powered image enhancement on this computer webcam offers more natural and accurate skin tones with facial tracking in challenging lighting conditions
- Designing a Positive Future: Add a sleek touch to workspaces while prioritising sustainability with low-carbon aluminium and plastic components consisting of 82% post-consumer recycled plastic
- Intelligent Video Experience: Present items on your desk easily with Show Mode; get a clear, responsive image with autofocus; stay centred on screen with auto-framing
- Dual beamforming mics: Be heard clearly with beamforming mics that reduce background noise; dual microphones enhance your voice even as you move around in front of the camera
- Integrated Privacy Shutter: Get peace of mind with an easily visible webcam cover; a simple dial on the lens ring makes it easy to open or close the privacy shutter

(1) When compared to Brio 4k webcam (2) Compared to Logitech Brio 4K in difficult light conditions: 2x face exposure in high contrast environments, 2x image definition in low light conditions. (3) Requires Logi software, available for Windows and macOS at Logitech MX Brio page (4) Basic webcam support using the USB Video Class (UVC) standard. No Logitech software for other systems than Windows and macOS.
