113.99€

PROFESSIONAL QUALITY VIDEO CALLS IN 4K HD

Elevate your video collaboration with the Brio 4K webcam, crafted for professional performance. Capture every detail with stunning resolution and color. Enjoy ultra-smooth asynchronous sharing and recording at up to 90fps for fluid streaming.

A PROFESSIONAL IMAGE IN ANY LIGHT

Meet, stream, and record with Brio 4K in any lighting and always look professional on video. RightLight 3 with HDR automatically adjusts for low light, direct sunlight, or high contrast, ensuring you're always the focus.

EXCEPTIONAL AUDIO EVERYWHERE

Conversations sound natural and clear with Brio 4K. Dual omnidirectional mics capture sounds up to 3 feet away, while active noise cancellation keeps you focused, suppressing distracting background noise for seamless collaboration.

FOCUS ON YOU

The 65° diagonal preset is ideal for optimal eye contact and face-to-face conversations where you want the focus on you, not so much the workspace around you.

BALANCED FRAME

The 78° diagonal preset reveals more of your setting, providing a fuller glimpse into your physical environment while also maintaining good eye contact.

FULL CONTEXT

The 90° wide-angle preset displays even more of your environment and is ideal for showing physical objects and whiteboard content on camera.

ULTRA-SMOOTH RECORDING

Brio 4K maintains up to 90 fps in any lighting for high-quality recording, asynchronous presentation sharing, and fluid broadcasts that follow your every move. High frame rates are perfect for slow motion or extra-smooth, fluid video streaming.

SECURITY MEETS CONVENIENCE

Sign in securely and easily to your computer with Windows Hello facial recognition—it's one less password to type or remember. Simply look into the Brio 4K lens and you're in.

FUEL YOUR CREATIVITY

Whether you're meeting virtually, streaming live, or recording, Brio 4K optimizes your video experience. With Logi Options+, personalize your appearance using custom filters, dFOV, and more, ensuring you always look your best for your audience. *Requires Logi Options+ app. Logi Options+ only available on Windows and macOS. Download or view software compatibility at logi.com/optionsplus

Enhance your desktop video meetings to first-class quality with Brio 4K. RightLight 3 and HDR adjust to present you at your best in any lighting, from low light to bright sunlight. Record smoothly at up to 90 fps. Dual mics with noise reduction capture clear sound up to one meter away.

A PERFECT FRAMING

Select from three diagonal field of view settings to frame your video perfectly. Use Logi Options+* presets for an ideal head-and-shoulders view (65° diagonal) or to showcase more surroundings (78° or 90° diagonal). *Requires Logi Options+ app. Logi Options+ only available on Windows and macOS. Download or view software compatibility at logi.com/optionsplus

High Performance. Engineered Responsibly.

We engineer our products for speed, precision, and high performance, all while considering sustainability as a key criteria throughout every stage of the product development process
