Acer Nitro V14: Next-Generation Performance in Pearl White

Experience the future of portable gaming with the Acer Nitro V14 ANV14-62-R419. Combining sleek aesthetics with extreme power, this laptop is designed for dedicated gamers and creative professionals who demand top-tier components and striking design. Finished in an elegant Pearl White chassis, the Nitro V14 stands out while delivering uncompromising performance.

Unmatched Visual Fidelity and Speed

The 14.5-inch IPS display offers a stunning WQXGA resolution (2560 x 1600 pixels), providing incredibly sharp details and vibrant colors for a truly immersive viewing experience. Whether you are navigating fast-paced action sequences or designing complex graphics, the high resolution ensures clarity, while the IPS technology provides wide viewing angles.

Revolutionary Hardware for Advanced Gaming

- **Next-Gen Graphics Power:** Equipped with the NVIDIA GeForce RTX 5060, featuring 8 GB of ultra-fast GDDR7 memory. This advanced GPU delivers hyper-realistic graphics, exceptional ray tracing capabilities, and high frame rates for the most demanding AAA titles.
- **Intelligent Processing:** The cutting-edge AMD Ryzen AI 5 340 processor harnesses artificial intelligence capabilities to optimize system performance, multitasking, and power efficiency, ensuring rapid load times and smooth operation.
- **High-Speed Memory and Storage:** Benefit from 16 GB of lightning-fast DDR5 RAM, essential for heavy multitasking and demanding applications. The spacious 1000 GB (1 TB) Solid-State Drive (SSD) ensures near-instantaneous boot times and ample storage for all your games and projects.

Designed for the Modern User

The Acer Nitro V14 is optimized for connectivity and usability. It features modern 802.11ax (Wi-Fi) and Bluetooth 5.3, ensuring stable, high-speed connections for online gaming and data transfer. The

US international keyboard includes comfortable backlighting, allowing you to maintain peak performance even in low-light environments.

Key Specifications:
