Unmatched Gaming Features

The Nitro V 17 AI is built around impressive specifications designed to handle the latest AAA titles and demanding applications. Immerse yourself in the action on the expansive 17.3-inch display, offering crystal-clear Full HD (1920 x 1080) resolution and vibrant IPS technology, ensuring wide viewing angles and exceptional color accuracy.

- **Revolutionary Graphics:** Powered by the NVIDIA GeForce RTX 5050 with 8 GB of blazing-fast GDDR7 memory, delivering hyper-realistic visuals and leveraging AI-enhanced graphics technologies for maximum framerates.
- **High-Speed Processor:** Equipped with the AMD Ryzen 5 240 processor, providing the necessary multi-core performance for gaming, streaming, and multitasking.
- **Next-Gen Memory:** 16 GB of DDR5 RAM ensures lightning-fast load times and smooth operation, whether you are in the heat of battle or juggling multiple professional applications.

Designed for Speed and Efficiency

Speed is paramount in the Nitro V series. The generous 512 GB Solid-State Drive (SSD) capacity offers rapid boot times and quick access to all your games and data. Connectivity is handled by advanced 802.11ax (Wi-Fi 6) and Bluetooth 5.3, ensuring stable, low-latency online performance.

Ergonomics and Operating System

The laptop features a comfortable US international keyboard layout that is fully backlit, allowing for precise inputs during late-night gaming sessions. It comes pre-installed with Windows 11 Home, providing a clean, modern interface optimized for productivity and gaming.
