Pagrindinės savybės

- ✓ High-quality membrane mechanism, providing smooth and silent key operation
- ✓ Anti-ghosting function, allowing to press up to 19 keys simultaneously
- ✓ Multimedia buttons at your fingertips, making it easy to control the sound without having to leave the game
- ✓ Dedicated software, allows full customization of key functions, including the ability to record macros
- ✓ Thanks to the built-in memory, the keyboard will remember the assigned settings even after power off
- ✓ 8-zone RGB backlighting, allows to set any color from the RGB palette of 16 million colors for each zone
- ✓ 10 backlight modes, enriching the look of your workstation
- ✓ Foldable legs, allowing to adjust the angle of tilt, increasing the comfort of use
- ✓ Closed key non-floating design (closed design), providing an elegant look and stability to the keys

Aprašymas

GENESIS Rhod 530 is a keyboard designed for gamers who expect maximum precision of operation, comfort of use and impressive design. It is a functional, yet stylish tool that will work well both for everyday use and during intense gaming sessions.

Quiet operation, elegance and maximum stability

The closed non-floating key design not only gives the keyboard a sleek, modern look, but also ensures quiet operation and significantly increases the

stability of the keys. It's a solution that will work great in any gaming setup, even for more demanding gamers. Looking for maximum silence? Rhod 530 will be an excellent choice.

Backlighting that impresses

The 8-zone RGB backlighting gives you full freedom of personalization. You can assign any color from a palette of up to 16 million colors to each of the keyboard zones. This will give your workstation a unique character to match your style and current mood.

Multimedia at your fingertips

Multimedia buttons located at the top of the keyboard allow you to conveniently control the sound without leaving the game. You can instantly turn the sound down, up or mute - all without interrupting an important match, raid or map clutch!

Fully personalized to your needs

With the help of dedicated software, you can customize key actions exactly the way you want. Create your own macros, assign functions and build profiles for specific games - all to make every gameplay experience even smoother and more intuitive. With Rhod 530, it's not a hassle.

Settings that stay with you

Thanks to built-in memory, the keyboard remembers your configuration even when the power is disconnected. No matter where you play, your settings are always ready to go, with no need to reconfigure. Simple and convenient.

Certainty and safety in every game

GENESIS Rhod 530 is not only comfortable, but also reliable. Thanks to the anti-ghosting function of up to 19 of the most frequently used keys in games, it eliminates the risk of errors in key moments of gameplay. You can also lock the Windows key to avoid accidentally interrupting the game, plus rubber feet will take care of the stability of the keyboard on any surface, so you can focus on what matters most - winning.
