Aprašymas

Small, smart and versatile

With its elegant stand and tight dimensions, this smart TV is the perfect fit for a smaller space. With its carefully considered design, it's a TV that blends in beautifully anywhere.

There's TV. And there's Ambilight TV

With integrated LED lights that react to each scene, Ambilight immerses you in a halo of colourful light. Movies, sports, music videos and gaming expand beyond the screen to draw you deeper into the moment. Once experienced, you'll never want another TV without it.

FHD enhanced with quantum dot colour

Vivid colours. Sharp details. It's Quantum Dot colour brilliance. With every incredible moment, whether dark or light, played or streamed, you can devour each detail as you watch scene by scene.

Sharpness and detail with Pixel Plus Full HD.

Pixel Plus picture sharpness. Defined detailing for a smaller screen. With full high definition and unbelievable vibrance, this compact QLED TV shows how every little detail counts.

Colour and contrast with HDR10 and HLG

Brighter colours. Vivid tones. From the darkest scenes to the brightest light, clarity is everything. This is where high dynamic range impresses with clearer colour and contrast.

Dolby Audio for crisp, clear sound

Listen. Hear each moment. This is crystal clear Dolby Audio. From dialogue to dance and from action movie moments to stunning nature scenes, you can experience clearer sound as you go.

Easy to find content with Titan OS

The Philips Smart TV Titan OS platform brings what you love to watch, and fast. From sequels to series and documentaries to drama, everything you want is there at the touch of a button. Whatever you're looking to watch, keep all the best streaming apps easily within your reach.

Connect seamlessly to smart home networks

Matter Smart Home compatibility means you can control your TV via Matter Smart Home app or voice control your TV via Alexa-enabled devices or via your Google smart speakers. This way, your voice can find movies, shows, receive recommendations and so much more.

Eco design - European design thinking

Sustainability meets style. This beautifully crafted TV is designed with the planet in mind, from a remote made of recycled plastics to FSC-certified packaging and inserts printed on recycled paper. With Eco Mode, you can lower the TV's energy consumption across all content and settings in just one tap.
