16.99€

The Natec colors series mouse pad is designed to enhance the user experience with its fabric and rubber construction. The non-slip rubber bottom ensures stability during use, while the anti-fraying stitched edges add durability to the design. Compatible with optical and laser mice, this mouse pad offers a smooth surface that enhances tracking accuracy. Maintaining cleanliness is straightforward thanks to its easy-to-clean surface, and it features a waterproof top layer, making it a practical choice for everyday use.
