121.99€

The Canon PIXMA TS7550i offers versatile printing, copying, and scanning capabilities, making it suitable for home and office use. With a maximum resolution of 1200 x 1200 DPI, this inkjet printer delivers vibrant color prints and crisp monochrome documents. Users can print from mobile devices via Canon's mobile printing capabilities, including Apple AirPrint and Canon Print Service, ensuring a convenient experience. The device features automatic duplexing, allowing users to print on both sides of the paper, saving time and resources.

This multifunction printer supports various media types and sizes, including envelopes, plain paper, and glossy photo paper, accommodating different printing needs. Advanced security protocols like WPA3-SAE and TLS 1.3 Encryption provide secure connectivity, while the 35-sheet automatic document feeder enhances productivity for copying and scanning tasks. With its compact design and user-friendly features, the Canon PIXMA TS7550i manages everyday printing tasks efficiently.
