591.99€

The Canon i-SENSYS MF754Cdw II is designed for versatile and efficient printing, copying, and scanning capabilities suitable for any office environment. With a maximum printing speed of 33 pages per minute for both color and black-and-white documents, it supports a variety of media types, including glossy paper and envelopes, with a standard media capacity of 300 sheets. The automatic duplexing feature enhances productivity by allowing for double-sided printing without manual intervention, making it an ideal choice for businesses that require fast and effective document management.

Connectivity options include USB 2.0, Gigabit LAN, and Wi-Fi, ensuring seamless integration into existing network setups. Mobile printing capabilities, such as Apple AirPrint and Google Cloud Print, provide flexibility for users on the go. Built-in security protocols safeguard sensitive information with features such as Secure Print and SSL, ensuring that documents remain confidential throughout the
