134.00€

The Kensington UH1500P EQ is a versatile docking station designed to enhance connectivity and productivity. With its multiple interface options, including USB-C 3.2 Gen 1, USB-A, Ethernet, DisplayPort, and HDMI, this docking station allows for seamless integration with various devices. The ability to support dual and triple display setups with a maximum resolution of 1080p ensures that users can enjoy high-quality visuals across multiple screens.

Featuring 85 W power delivery via pass-through and constructed from 63% PCR plastic, the Kensington dock is functional and environmentally considerate. Its driverless operation means quick and easy setup, adhering to Plug-and-Play standards for immediate usability. Ideal for professionals seeking a reliable solution, the UH1500P EQ elevates workstation flexibility with its compact design
