92.99€

The i-Tec SOLOMON 700 Stream webcam delivers 4K video resolution at 3840 x 2160, ensuring image clarity for streaming, conferencing, and content creation. With a frame rate of 60 frames per second, the camera provides smooth video quality, enhanced by features like automatic exposure control and auto white balance. Users can enjoy versatility with its 81° diagonal field of view, making it suitable for various setups, along with a built-in LED ring to improve lighting conditions in any environment.

Designed for simplicity, this webcam connects via a USB 3.0 cable with a length of 1.5 m, allowing for easy placement on a desktop or other surfaces. The i-Tec SOLOMON 700 Stream also features built-in dual microphones with a 3 m audio pickup radius, ensuring clear sound quality, whether for meetings or streaming sessions. The device supports multiple resolutions, including 1920 x 1080 and 1280 x 720, catering to different streaming needs while remaining compliant with Plug-and-Play standards for effortless installation.
