

GIGABYTE H810M K LGA1851 1xDP 1xHDMI

Modelis: H810M K

Gamintojas: GIGABYTE

EAN: 4719331868697

Prekės kodas: 560013

99.99€

The GIGABYTE H810M K motherboard offers features for handling demanding computing tasks. It incorporates the Intel H810 Express chipset and supports Intel Core Ultra processors, making it a foundation for any build. With support for DDR5 SDRAM, this motherboard accommodates memory speeds of 5600 MT/s and 6400 MT/s, ensuring performance for multitasking and gaming experiences. Equipped with connectivity options, the H810M K features multiple USB 3.2 Gen 1 and USB 2.0 ports, as well as HDMI and DisplayPort outputs for display setups. The high definition audio output enhances the multimedia experience with 8-channel audio support. The durable design and hardware monitoring capabilities provide reliable operation, making this motherboard a choice for enthusiasts and users seeking stability and performance in their systems.
