

GIGABYTE H610M D3H WIFI DDR4

Modelis: H610M D3H WIFI DDR4

Gamintojas: GIGABYTE

EAN: 4719331871116

Prekės kodas: 560029

96.99€

The GIGABYTE H610M D3H WIFI DDR4 motherboard is designed with features to meet the demands of modern computing. It supports Intel's 12th, 13th, and 14th Generation processors, providing compatibility with performance. With a micro ATX form factor, this motherboard is ideal for compact builds that do not compromise on features. Users will appreciate the dual-channel memory architecture and support for DDR4 RAM, enabling efficient multitasking and system performance. Built-in high definition audio and multiple USB ports enhance connectivity while the durable design ensures longevity and system stability. The integrated WiFi and Ethernet connections support fast networking for seamless online performance. This motherboard offers reliability and versatility for various applications, from gaming to productivity tasks.
