

GIGABYTE B860M E LGA1851 4xDDR5 4xSATA 2xM.2

Modelis: B860M E

Gamintojas: GIGABYTE

Prekės kodas: 560045

115.99€

The GIGABYTE B860M E motherboard is designed to enhance performance and versatility for your computing needs. This micro ATX board supports Intel Core Ultra processors and features the Intel B860 chipset, ensuring robust processing power and efficiency. With RAM support technology of DDR5 SDRAM and a speed range up to 8800 MT/s, this motherboard provides the performance required for both gaming and productivity.

Equipped with multiple expansion slots including PCIe 4.0 x16 and M.2 interfaces, the B860M E offers flexibility for upgrades and additional components. The board includes high definition audio support with 8-channel capability, alongside a set of ports such as USB 3.2 Gen 1, HDMI, and DisplayPort, facilitating easy connectivity for a range of devices. The DIY-friendly design and durable features make it a reliable choice for building a powerful system.
