Modelis: B850M EAGLE WF6E ICE

Gamintojas: GIGABYTE

EAN: 4719331871789

Prekės kodas: 560054

196.99€

The GIGABYTE B850M EAGLE WIFI6E ICE motherboard offers performance and features for gamers and professionals. With its micro ATX form factor and support for AMD processors, this motherboard provides ample expansion options and high-speed connectivity, allowing for integration of components. Whether for a gaming rig or a reliable workstation, users can take advantage of its dual-channel memory architecture and extensive storage interfaces to ensure smooth operations. Equipped with network capabilities including 2.5 Gigabit Ethernet and Wi-Fi 6E, this motherboard ensures fast and reliable connections for demanding applications. The inclusion of RGB FUSION technology enhances aesthetics while the durable design ensures longevity. With features like M.2 Thermal Guard and GIGABYTE Smart Fan 6, thermal management is optimized, making the B850M EAGLE a strong choice for anyone looking to upgrade system capabilities.
