

GIGABYTE B650E EAGLE AM5 1xHDMI 1xDP

Modelis: B650E EAGLE

Gamintojas: GIGABYTE

Prekės kodas: 560082

172.99€

The GIGABYTE B650E EAGLE motherboard stands out with its compatibility and extensive features, designed for users seeking performance. Featuring an AMD B650 chipset, this ATX motherboard is equipped with a Socket AM5 processor socket that supports Ryzen 7000/8000/9000 Series processors. The motherboard supports DDR5 SDRAM and offers up to 8200 MT/s with overclocking capabilities across various RAM speeds, ensuring that users experience rapid data processing and multitasking.

The B650E EAGLE includes multiple expansion slots, such as four DIMM slots for RAM, and several PCIe slots for add-on cards, providing flexibility for upgrades and high-performance components. Networking options are robust, with a built-in 2.5 Gigabit Ethernet port for high-speed Internet connectivity. Enhanced audio capabilities are achieved through high-definition audio support. This motherboard incorporates a range of hardware monitoring features to maintain optimal system performance, while the RGB FUSION and DIY-friendly design elements add aesthetic appeal and ease of use.
