

GIGABYTE X870E EAGLE WF7 AM5

Modelis: X870E EAGLE WF7

Gamintojas: GIGABYTE

Prekės kodas: 560083

287.99€

The GIGABYTE X870E EAGLE WIFI7 motherboard is designed for powerful performance and exceptional features, catering to gaming enthusiasts and professionals alike. With support for AMD Ryzen 7000/8000/9000 Series processors, this ATX motherboard incorporates a robust AMD X870E chipset and boasts advanced RAM capabilities, supporting speeds of up to 8200 MT/s with dual-channel memory architecture. The board features four DIMM slots for extensive memory expansion, ensuring smooth multitasking and enhanced system responsiveness. Connectivity options are extensive with multiple USB ports, including USB4 and various USB 3.2 variants, alongside dual M.2 slots for high-speed storage solutions. The integrated Realtek ALC1220 sound card provides audio output, while the 5 Gigabit Ethernet and support for Wi-Fi 7 ensure seamless network connectivity. Enhanced hardware features like M.2 Thermal Guard and advanced power design promote durability and overheating prevention, making the GIGABYTE X870E EAGLE WIFI7 a solid choice for anyone looking to build a powerful and reliable PC.
