Discover the power of seamless connectivity with the Verbatim Pro Docking Station. Designed to enhance your workflow, this docking station transforms your workspace into a dynamic, efficient hub. With support for up to 8K resolution on a single display, it delivers visual clarity for your projects. The inclusion of HDMI, DisplayPort, and Ethernet ports ensures you have all the connections you need for a comprehensive setup. Additionally, the docking station features 100 W power delivery, keeping your devices charged and ready for action. Whether you're a professional photographer, videographer, or a multitasking professional, the built-in SD and microSD card readers offer convenient storage expansion options. The package comes complete with a USB-C to USB-C cable, allowing for a quick and easy setup. Elevate your workspace with the Verbatim Pro Docking Station.
