

ADATA 16GB DDR5 5600MHz SO-DIMM

Modelis: AD5S560016G-S

Gamintojas: A-DATA

EAN: 4711085941107

Prekės kodas: 560118

213.99€

The ADATA 16 GB DDR5 SDRAM memory module is designed for efficient performance and reliable functionality. Operating at a memory speed of 5600 MHz, this module ensures a swift computing experience, enhancing system responsiveness across a variety of applications. With an advanced on-die ECC for data integrity and a built-in Power Management IC, the module combines speed with energy efficiency, making it a solid choice for upgrading your system's memory capacity.

Designed in a compact SO-DIMM form factor, this 262-pin module is ideal for laptops and small form factor systems where space is at a premium. Its compliance with PC5-44800 specifications and latency timing of 46-45-45 further emphasize its capacity to deliver stable performance, catering to both regular users and enthusiasts alike.
