Flicker free technology, the display offers a comfortable viewing experience while maintaining image clarity. In addition to display capabilities, the ProLite TE6515A-B1AG includes an array of connectivity options such as HDMI, USB-C with DisplayPort 1.2, and Gigabit LAN. The built-in media player, paired with a storage capacity of 128 GB, allows for seamless content playback without the need for external devices. With touch accuracy of +/- 1mm and 40 touchpoints, this display is ideal for interactive applications. Integrated energy-efficient features such as a fanless design and low power consumption make it a sustainable choice for various commercial uses.
