Modelis: P5-MCP-01

Gamintojas: TELESIN

EAN: 6974944463532

Prekės kodas: 560424

58.99€

TELESIN wireless tie microphone + powerbank for phones (USB-C)

The TELESIN brand set includes two wireless tie microphones, a USB-C receiver and a case that acts as a powerbank. The compact size, range of up to 200 meters, clear sound and 18 hours of operation make the device ideal for all conditions - both in the field and in the home studio. The microphone works with devices via USB-C, and its operation is as simple as possible - just plug in the receiver, clip on the microphone and start recording.

Distortion-free sound

48kHz sampling at 24-bit guarantees clear, lossless sound with high fidelity. The microphones capture the natural voice and reproduce its dynamics well, which translates into professional sound

in any situation - both indoors and outdoors.

Effective noise reduction

The built-in noise cancellation system effectively eliminates ambient noise. The function is activated with a single click, which significantly improves the quality of recordings in noisy environments - without the need for post-recording audio editing.

Range of up to 200 meters

The microphones use Bluetooth transmission with a built-in laser antenna, which provides a stable connection at a range of up to 200 meters in a straight line. This allows you to move freely without losing signal quality.

Long operating time

A single microphone works for up to 6 hours on a single charge, and the charging case provides an additional 12 hours. The whole thing charges in about 1.5 hours, allowing you to work comfortably even during busy days.

Lightweight and discreet

Each microphone weighs just 8.85 grams and is comparable in size to a button. When clipped to a shirt or sweatshirt, it becomes almost invisible, which is ideal for those recording natural shots.

Easy operation

The kit works in plug & play mode - no app installation or complicated configuration required. Just plug the receiver into your phone (USB-C), clip the microphone, press a button and start recording.

Included:

- Charging case
- Receiver

Manufacturer	Telesin
Model	P5-MCP-01
Frequency	20Hz-20kHz
Transmission range	200m (in a straight line)
Noise reduction method	One-click noise reduction
Signal-to-noise ratio	≥70dB
Directionality characteristic	Omnidirectional
Microphone sensitivity	-36±2dB
Transmission method	Bluetooth
Channel mode	Stereo
Audio delay	≤24ms
Microphone battery	65 mAh
Charging case battery	300 mAh
Charging time	Microphone: ~1.5 h ; Charging case: ~1.5 h
Input current	Microphone: 5V/1A ; Case: 5V/1A
Dimensions / weight	Receiver: 33.95 × 25.4 × 9.2 mm / 4.82 g ; Microphone: 25.7 × 25 × 12.6 mm / 8.85 g ; Case: 75 × 42 × 35.6 mm / 43.12 g
