Aprašymas

Tomtoc Terra-T34 Puffy Snowberg Shoulder Bag

The Terra-T34 Puffy Lavascape shoulder bag is a minimalist option for those looking for a lightweight and comfortable everyday bag. It weighs only 380 g, and thanks to its soft construction and elastic strap (adjustable from 31 to 60 cm), it adapts to the movement of the body without weighing down the shoulder. With a capacity of 9 liters, it is perfect for a walk, on the way to work or to college.

Perfect for everyday use

Despite its compact size (390 x 245 x 120 mm), the bag can hold all your essentials — wallet, bottle, cosmetics, headphones, and even an iPad up to 11 inches. A special soft velour-lined compartment protects your electronic devices, while additional internal pockets and a quick-access rear pocket help you stay organized and easily access your important items.

Refined design

The Terra-T34 bag is made from GRS-certified materials, which means it meets the requirements of sustainable production. The soft quilted fabric gives it an original look, while also being durable and pleasant to the touch. It's a combination of functionality, comfort, and style that fits the modern, everyday rhythm of life.
