Yeelight Pura Monitor Light Bar Pro

Yeelight Pura Monitor Light Bar Pro provides maximum comfort and functionality for any computer user. With the ability to adjust the color temperature on 4 levels from 3000 to 6500 K and light intensity up to 1446 lux, you can enjoy optimal lighting. The lamp is equipped with a USB-C port and provides compatibility with screens ranging from 24 to 34 inches.

Perfect lighting for your workstation

The Yeelight Pura Monitor Light Bar Pro monitor lamp provides even illumination (45°) of up to 1,350 lux in the center of the workstation, reducing glare. The perfectly diffused light allows you to focus on your work or study while protecting your eyesight from fatigue.

Natural color reproduction

With a color rendering index of Ra98, the Yeelight Pura Monitor Light Bar faithfully reproduces colors - so it will meet the expectations of graphic designers, designers and anyone who appreciates natural light. The solution used also helps maintain eye health and minimizes eye fatigue.

Adjustable lighting

The product offers full control over light settings - you can smoothly adjust its intensity and color temperature from 3000 K (warm light) to 6500 K (cold light). The built-in sensor automatically adjusts the brightness to the ambient conditions, ensuring maximum comfort.

Compatible with most screens

The device is suitable for screens from 24 to 34 inches and from 5 to 90 mm thick, including monitors with curved screens (1000R-1800R).

Easy to use and powered by USB-C

You'll power the lamp directly from your computer thanks to the USB-C port. Control is via a button or remote control, which allows you to quickly adjust brightness or color temperature, among other things.
