Aprašymas

TOMTOC Voyage-A24 16" Laptop Bag (black)

The TOMTOC Voyage-A24 is an elegant and functional 16" laptop bag, designed for everyday use and a mobile work style. It combines modern design with high-quality materials, thoughtful organization, and advanced device protection. Its slim profile, comfortable handle, and suitcase strap make it perfect for both the office and travel. The bag was designed specifically for 16-inch MacBook Pros, and its internal dimensions are approximately 35.59 x 24.58 x 1.68 cm—if you have a different laptop, make sure it will fit.

Advanced laptop protection

The bag features a 360° protection system with CornerArmor™ technology, which protects the device's corners from the effects of impacts and drops. Flexible edges and a soft, padded lining effectively absorb shocks and protect your equipment from scratches. The model meets military drop resistance standards (MIL-STD-810H), confirming its high level of protection.

Thoughtful organization of space

The three-compartment design allows you to conveniently organize all your accessories. The internal pockets can hold a charger, cables, a phone, or documents, while the front pocket provides quick access to your essentials. An additional rear pocket is perfect for documents or a notebook.

Durable and resilient materials

The bag is made of durable 420D CORDURA nylon, which is highly resistant to abrasion and splashes. The material is both lightweight and durable, making the bag well-suited for heavy use. Additionally, sturdy zippers ensure long-lasting durability and reliability.

Comfort and mobility

The ergonomic handle allows for comfortable carrying, and a special strap makes it easy to attach the bag to a suitcase handle, which is ideal for travel. The slim profile makes the Voyage-A24 model handy and space-saving, while offering great functionality.
