Aprašymas

AOCHUAN X Pro Gimbal with AI Sensor (Gray)

The AOCHUAN Smart X Pro is an advanced 3-axis gimbal designed for demanding mobile content creators. It offers professional image stabilization, intelligent face tracking, and gesture control thanks to its AI sensor, as well as 6 recording modes. Equipped with an OLED screen and wireless smartphone charging, it gives you complete creative freedom—wherever you are. With a removable 3200 mAh battery and a lightweight, compact design, you can record longer and more comfortably, without compromise.

Cinema-level stability – no more shaky footage

The advanced 3-axis stabilization system eliminates shake even during intense movement. Whether you’re walking, running, or recording dynamic scenes – the image remains smooth and professional. It’s a solution that instantly elevates the quality of your footage.

Smart tracking and gesture control – record hands-free

Smart Face Tracking automatically keeps you in the center of the frame, and gesture control lets you start or stop recording without touching the device. This is incredibly convenient for vloggers, content creators, and solo shooters—everything works intuitively and effortlessly.

Create however you want – 6 recording modes

You have 6 modes at your disposal: L, PF, F, POV, DM, and S. Each corresponds to a different filming style – from smooth panoramas to dynamic first-person shots. This lets you tailor your recording style to any situation and creative vision.

Always ready to go – even when your phone is running low on power

The unique wireless smartphone charging feature (5V/0.4A) allows you to provide emergency power to your device while recording. This practical solution saves the day when your phone’s battery starts to run low – especially when you’re out in the field.

Power that keeps up with your creativity

The removable and rechargeable 3200 mAh battery provides up to 7–10 hours of runtime (without using wireless charging). When the power runs out, simply swap the battery and keep going. A full charge takes about 2.5 hours, allowing you to get back to recording quickly.

Full image control and OLED screen

Precise zoom and focus control let you create more polished and dynamic shots. The clear OLED screen provides quick access to key settings—everything at your fingertips, without unnecessary interruptions.

Lightweight, foldable, and ready for any occasion

The Smart X Pro weighs just 310 g and folds down to a compact size, so it fits easily into a bag or backpack. It supports smartphones with a width of 55–90 mm and can hold devices weighing up to 250 g. A wide range of motion (pan 310°, roll 330°, tilt 76°) gives you freedom to frame your shots, while the sturdy polymer composite construction ensures durability and comfort of use in temperatures ranging from 0°C to 45°C.

Included:

- AOCHUAN Smart X Pro gimbal x1
- Tripod x1
- USB-C charging cable x1
- User manual x1
- AI sensor x1
- AI sensor user manual x1
