Aprašymas

TOMTOC Slash-T27 11"/6.5L Bag (Black)

The TOMTOC Slash-T27 is a compact 6.5-liter shoulder bag that combines modern, urban style with functional organization. Its slim design, dimensions of approximately 33.00 × 24.00 × 11.99 cm, and lightweight construction (0.42 kg) make it perfect for everyday use—at work, during commutes, or while traveling. The product features a well-thought-out pocket layout, water-resistant material, and sturdy YKK zippers, ensuring the comfort and safety of your belongings.

Smart organization in a compact form

The bag features a dedicated tablet compartment (fitting models with a screen size of 7.9–11 inches) with soft padding and a spacious main compartment with five pockets that make it easy to organize documents and everyday accessories. Additional space for a water bottle and compartments for various small items ensure that everything you need is always within reach—without having to carry a larger backpack.

Secure access and protection of contents

Front pockets secured with zippers, buckles, and Velcro allow you to safely store your phone, wallet, or cards. There's also a strap for keys or a tracker. Meanwhile, the back features a hidden pocket—ideal for documents, for example—which enhances security when moving through crowded areas.

Durable materials and weather resistance

The bag’s outer layer is made of durable, splash-resistant polyester, which effectively protects the contents from rain and moisture. High-quality YKK zippers ensure smooth operation and a long lifespan, while the sturdy construction ensures the bag withstands daily use.

Carrying comfort and urban style

An ergonomic shoulder strap and a comfortable handle allow you to adjust how you carry it to suit your preferences. The compact, refined shape and modern design make the bag a perfect fit for urban style, suitable for both work and everyday use.
