Neewer Q300 Flash

The NEEWER Q300 is a 300 Ws flash designed for outdoor photography, portraiture, and dynamic shoots requiring a short flash duration. The model offers a fast recycle time, battery power, and 2.4G wireless control, making it ideal for both studio and on-location work. A stable color temperature of 5600K and a wide range of power settings allow you to easily adapt the light to various shooting scenarios.

Short flash duration and quick readiness

The flash supports Quick mode with a flash duration ranging from 1/1000 s to as fast as 1/10000 s, which helps effectively freeze motion when photographing sports, dance, or dynamic product shots. A recycling time of approximately 0.4–2.5 seconds allows you to comfortably take a series of photos without a long wait for the flash to recharge.

Power adjustment and stable color temperature

The power adjustment range from 1/64 to full power allows for precise adjustment of light intensity to suit working conditions. A guide number (GN) of 60 ensures powerful scene illumination, while a stable color temperature of 5600K $\pm$ 200K helps maintain consistent colors in photos and reduces the need for post-processing corrections.

Battery for off-studio use

The NEEWER Q300 uses a removable 10.8V lithium battery with a capacity of 7800 mAh, which allows for up to 1000 flashes at full power. This solution increases mobility and facilitates work in locations without access to a constant power source. The manufacturer has also included protection against overheating, overvoltage, and overcharging, which enhances safety during use.

Wireless control and modeling light

The built-in NEEWER 2.4G Wireless Q System allows for remote control of the flash from a distance of up to 30 meters. Support for 32 channels and 5 groups makes it easy to manage a more complex lighting setup. Additionally, the 13W LED modeling light makes it easier to set up the scene and assess the direction of light before taking a photo.

Included

- 1 x Q300 Outdoor Flash
- 1 x Battery Charger
- 1 x Charging Cable
- 1 x Battery
- 1 x Reflector (Dome)
- 1 x Diffuser
- 1 x Q Compact Trigger
- 1 x 3.5 mm Sync Cable
- 1 x User Manual

Model	Q300
Product type	Outdoor flash (strobe)
Maximum power	300 Ws
Maximum light output	GN60 (1 m, ISO 100)
Color temperature	5600K (±200K)
2.4G wireless control	Yes
Compatibility	Q Compact / QPro triggers
Application	Professional outdoor shoots
Key features	Battery protection, 2.4G control
Dimensions	112 x 228.5 mm (4.4" x 9")
Weight	2.2 kg (4.85 lb)
Flash Modes	M (Manual), MULTI (Stroboscopic), S1, S2, FP (Fast Pass)
Flash Power Range	1/64 – 1/1
Recycle Time	Approx. 0.4 – 2.5 s
Flash Duration	F1 1/1000 s, F2 1/2000 s, F3 1/3000 s, F4 1/4000 s, F5 1/5000 s, F6 1/6000 s, F7 1/7000 s, F8 1/8000 s, F9 1/9000 s, FP 1/10000s
Flash duration at full power	1/220 s
Modeling light	13W LED, 3050K, 5010 lux at 0.5 m
Trigger modes	Sync cable, photocell (optical sensor), remote control, test button
Flash head	Detachable (replaceable)
Safety features	Overheating protection, low battery alarm
Power source	Lithium-ion battery
Battery capacity	10.8V, 7800 mAh
Number of full-power flashes	≤ 1000 times
Charging method	Mains charging (plug-in)
Charger voltage	DC 12.6V
Charging time	5 hours
